PROVEN ENTREPRENEURIAL LEADER, INNOVATOR & GROWTH EXPERT
DATA CENTER, IOT, BLOCKCHAIN AND SAAS CEO. 20 YEAR AI VETERAN.

Visionary leader with 20+ years of experience in high-growth industries, known for driving aggressive growth and innovation. Dedicated to building world-class teams and optimizing their performance. A strategic risk-taker with a talent for multi-channel go-to-market strategies and acquisitions.

“Patrick was able to help our team present a vision to management, architect the system and in the end save us tens of millions of dollars as we revolutionized the aviation industry. He and his team were tireless partners.” - Carlo Nizam, Head of Digitalization, Airbus

“....a professional, hard-working leader of the highest caliber....his team was remarkable at providing more value than the “big guys” like IBM or Accenture. Built an award winning solution combining hardware and ODIN’s SaaS and AI software.” Dave Johnson – EVP Logistics Johnson & Johnson

Strengths:

- Courageous Leadership
- Digital Transformation
- Innovation
- Growth Strategies
- Process-Driven Sales
- Extensive HR protocols
- Decisive & Actionable (OODA principles)
- Meritocracy Incentives
- High-Energy Motivation

EXPERIENCE & ACCOMPLISHMENTS

DaVinci 3.0

Cambridge, Ma

DaVinci 3.0 built the world’s first stand-alone microdata center leveraging immersion cooling and AI system management. The new trend toward edge computing requires stand alone, near-zero maintenance solutions like DaVinci’s DragonFly. The company’s technology is under license as of April 2024.

President & CEO, April 2020 – Sept 2024

- Revolutionized AI & Edge computing via an immersion cooled appliance with 200kWh of computing power
- Slashed AI infrastructure costs by 30-40% with near-zero maintenance and two-hour installation time
- Impermeable mote built via 24 approved patent claims and custom ML/AI system management algorithms

Wall Street Journal Best Selling Author & Speaker, 2015-2020

Chamonix, France

Improved thousands of lives via the #5 WSJ best-selling book (March 2020) Fear is Fuel – The surprising power to help you find purpose, passion and performance. Over 100 Keynote speeches globally on leadership & innovation.
